Annual Meeting of Baptist Sunday-School Association

A BALANCE IN TREASURY

Amount Left Over After Having Ac complished Much During the Year-Mr. Duke Re-elect-

ed President.

The regular meeting of the Baptist Sunday-school Association of Richmond and Manchester was held at the Calvary Baptist Church Sunday afternoon. President W. D. Duke presided, Despite the conditions of the weather the attendance was very good. The musical numbers, especially a hymn sung by a Chinese class composed of about ten members of Calvary School, was one of the features of the programme.

PRESIDENT'S REPORT.

The report of the president of the work of the twenty-two schools composing the association for the year just closed is interesting to all Sunday-school workers. It is as follows:

Richmond, Va., March 8, 1903.

To the Baptist Sunday-school Association of Richmond and Manchester:
The time has arrived for reviewing the work of another year—a year full of blessings and of prospects for the years to come. The figures prepared by our efficient secretary do not furnish a complete record of the devotion, consecration and loving sacrifice that have been bestowed upon our twenty-two Sunday-schools by the 8,000 officers, teachers and scholars ongaged in the work.

The average roll strength of officers and teachers during the year 1902 was 740, and the average attendance 603, or 814 per cent., a decrease of ten in roll and seven in attendance. The average roll strength of scholars was 7,319, an increase of 463 compared with the preceding year, and the average attendance of scholars was 4,338, an increase of 210. Members on the roll of the churches increased 815, while those of our church members engaged in the Sunday-school work increased forty-one. There were 1,955 new scholars reported and 220 conversions. new scholars reported and 220 con THE GREAT OBJECT.

THE GREAT OBJECT.

The number of conversions seems rather small when divided among so many schools; we pray that the seed sown by faithful teachers during the year may bring forth rich harvests of souls in the years to come. Let us not forgot the great object of the Sunday-school. Every method adopted, every improvement begun, should be for the saving of immortal souls. In no other way can we honor the name of Him who loved us and gave life Blo for Us.

the name of Him who loved us and gave His Bie for us.

The total contributions of the schools for the year amounted to \$5,684.47, of which the sum of \$56.81 was contributed to the treasury of the association. I am glad to note an increase in both of these items. The funds of the association have been wisely used by your Executive Committee. We have during the year donated \$641 towards the building of two churches, besides extending additional help to one of them in the shape of a loan of \$250, and, after paying all demands, our worthy treasurer reports a balance on hand January 1, 1903, of \$197.01. There are several applications for donations now pending, and it is hoped that the sensols will continue to lend their substantial aid and contribute liberally to our fund, which has done so much in years past towards and contribute liberally to our fund, which has done so much in years past towards helping worthy and struggling interests. The amount contributed through our treasurer to the Baptist Orphanage was 555,38. In addition to this, some of our largest schools send regular contributions directly to the orphanage.

Surely, the Lord has been good to us in times past. Let us show our appreciation of His mercy and goodness by renewed efforts for the advancement of His kingdom.

A COFFEE DRUNK

Held on to the Tree.

Held on to the Tree.

Some people go on using coffee for a great many years without showing much effect of the drug, but as a rule it is slowly doing its ill work, and the time will come when stomach or nerve discuss of some kind will show itself.

An interesting case is that of a man who drank coffee for a great many years before he felt the effect of it. He says further: "Finally my health began to give way, and I first noticed being dizzy headed and I began to have spells of heart trouble, rapid palpitation of the heart, and dizzy, sick feelings like I was going to die.

heart, and dizzy, sick feelings like I was going to die.

"My appetite began to fail and I had a sore, distressful pain in my side. I noticed my memory was not as good as it had been and that worried me some.

"One day I stepped out of my shop to wait on a lady when all at once I became blind and statgered along like a drunken man until I ran against one of the shade trees which I grasped or I would have failen. Cold sweat stood out on me and I sunk down on the ground and it was a long time before I recovered myself again.

a long time before I recovered myself again.

"The family doctor, who was called in advised me to quit coffee and try Postum Food Coffee. I thought it would be a big undertaking to quit coffee, but when I got my cup of Postum it satisfied my coffee taste, and from that day on I began to feel better. That was three years ago, and I have never used any ordinary coffee since, but have stuck to Postum. "When I quit coffee I weighed 135 pounds, my weight now is about 115. For a long while people kept talking to me about the change. I had been a wrinkled, run-down, old man; but am now fleshy, my skin smooth, good color, and when I walk I step out like a healthy man ought to.

"I honestly believe Postum saved my life, for I was simply being poisoned to death. Now I can eat anything I want is naturally enjoy life." Name given by the postum Ce, Batte Creek, Mish.
